## Lads to Leaders

This weekend, we have a great group of children and adults who have gathered with thousands of other Christians from many different places to celebrate the leadership training of our children to the glory of God. These children are learning valuable skills that will help them to lead and serve in the church in different ways throughout their lives, and more importantly, they are learning to make the Lord's church and their Christian service an important priority in their lives. There is no adequate way to place a value on that mindset and commitment.

Personally, Lads to Leaders has been part of my life since about the year 1986 when I was involved as a student. Since that time, I have enjoyed being involved in virtually every aspect of this program. My children have been to Lads to Leaders convention every year of their lives. This year, for the first time, I have no children who are participating in events as students, but I am thankful that they will all be here with us, now taking on the role of volunteers as judges and encouragers. Needless to say, I am very thankful for the influence that this program and so many adult volunteers have had on me and my children throughout the years.

I know that Chase Park / Memorial Parkway has had a long and successful history in this good program. The last few years have been fantastic with a great group of older teens leading the way. We are now in somewhat of a transition state with a new group of young and enthusiastic children taking center-stage. The future of this program at Chase Park is bright and exciting! With such a large group of children who are anxious to be involved, there is a great need for adult helpers, supporters, and encouragers. If you or your children have benefitted from this program in the past, or if you just want to be a part of making a difference in the lives of our children, I hope that you will consider getting involved. Stephen Trammell does a great job overseeing the program and I know that he would be thrilled to have your help. And by the way, I promise that you will be blessed as much or more from being involved with these great kids as they will be from your involvement with them.

In Him with love,

*Rusty*
